## HEAVY PRESSURE SENT LIST DOWN

Sharp Selling Resulted in Wide Declines With Closing Near the Bottom,

WHEAT AFFECTS MARKET

Danger of Trouble in Coal Fields Also a Disurbing Factor.

(By Associated Press.)

NEW YORK, July 22.—The selling pressure in the slock market was aggra-vated sharply to-day, and a large volume of sales came upon the market during or sites can be seen to the short session, resulting in some wide declines, with the closing weak and active and near the lowest. The movement was attributed to the domulative effect of growing uncasiness over the widespread reports of damage from rust in the spring wheat region, discussion opened by the head of United Mine Workers of the coming struggle over the renewal of the agreement with operatives, which expires next spring, and the tives, which expires next spring, and the discouragement of advocates of higher prices over the failure of the week's favorable events to stimulate any demand for stocks.

Reading bore the brunt of the attack, as was natural, on account of its long leadership of the speculation for the advance and the consequent accumulation of a vulnerable long interest in the stock But the weakness of the list was not local, and the most of the day's losses shows a general distribution in all parts of the market.
Union Pacific showed some effective

Union Pacific showed some effective support, and the same was true of Amalgamated Copper, but these stocks ultimately yielded with the rest of the list. The weakness in the early wheat market falled to reassure holders of stocks, and they continued to sell, large selling being reported from the West. The large loan increase was the item of most interest in the bank statement, and was attributed to the efforts of banks holding the proceeds of the Japanese loan on deposit to get them placed in the closing was decidedly weak. The cost of the same statement of the same

# GREAT REVIVAL

Reports From Birmingham Indicate That Business is Taking on New Life. Although the steel business of the coun

try has been quite brisk all the year, here was a very positive lull in pig iron During April, May and June the sales of pig iron in the Birmingham District fell off almost to nothing. It was con fidently expected, however, from a knowledge of the condition of the yards of the foundrymen that this quiet condition could not last much lorger. The ex-pected has happened. Information from Birmingham states that the Bloss-Sheffield Steel and Iron Company alone has sold since the first of July 83,000 tons of soid since the tirst of July \$3,000 tons of iron, of which 74,000 tons was sold since the 14th of the month. None was sold below the \$11 basis, and \$5,000 tons of the last was on the basis of \$11.50. This indicates that the iron business of the country is taking on new life.
